TUESDAY 2ND - FRIDAY 5TH APRIL

**KING
EDWARD'S
SCHOOL
BATH**

WHAT WE OFFER...

As one of the top performing schools in the South West, KES is well-placed to offer a uniquely tailored revision programme, allowing pupils from across the local area to benefit from the School's high standards of teaching and support, underpinned by consistently outstanding GCSE and A Level exam results.

King Edward's School (KES) is pleased to offer a series of GCSE and A Level revision courses during the Easter holidays, a period which is critical for most pupils' exam preparation and revision.

Our programme has been specifically designed to offer constructive and friendly support for pupils beginning their exam revision. Our courses will be delivered by subject specialist KES teachers, many of whom have Head of Department or Examiner experience. A Level and GCSE pupils can choose up to 2 subjects to study over the course of 4 days, which will take place at our well-equipped Senior School

campus on North Road, Bath (located to the East of the City).

Each subject course will run either as a morning or afternoon session and will be limited to small class sizes, to ensure that teachers can provide personalised 1:1 advice and tutoring for each pupil. During designated breaks, pupils will be able to relax and socialise in our contemporary Sixth Form Centre, with drinks, snacks and a light lunch available to buy from our conveniently located Sixth Form café. Free guest wifi and IT charging points will be/are available.

Using their wealth of professional experience, our teachers

will allocate specific time for exam practice and will work independently with each pupil to discuss the topic areas with which they would like to have additional support. Each course will be tailored to individual exam specifications. At the end of the revision programme, every pupil will receive a report based on assessments carried out throughout the course, offering advice to both pupils and parents about the next steps in their revision leading up to those all-important final exams. ■

GCSE & A LEVEL SUBJECT CHOICES

GCSE (YEAR 11)	A LEVEL (YEAR 13)
ENGLISH (AQA)	ENGLISH LANGUAGE
ENGLISH (EDEXCEL IGCSE)	ENGLISH LITERATURE (OCR)
MATHS (FOUNDATION)	CHEMISTRY
MATHS (HIGHER)	PHYSICS
CHEMISTRY	
PHYSICS	

Course list updated 23rd Feb 2024

WHAT IT COSTS...

2 SUBJECTS:	£775
1 SUBJECT:	£425

Revision courses for either one or two subjects will run across a four day programme

OUR COURSES...

Each course will involve an initial assessment to determine the pupil's current level in their chosen subject. Subsequent sessions will then involve a combination of mini-teach on core topic areas and skills needed for success, tips on exam technique and supported exam practice. All subject courses will have time allocated for 1:1 teacher support, feedback on marked work and time for individual pupils to bring questions on specific topic areas that they would like to work through.

GCSE COURSES

Foundation Maths (AQA/Edexcel) & Higher Maths (AQA/Edexcel) - Course FULL

Pupils will sit a short initial assessment to allow Mr Sneddon to evaluate their current level and identify areas of strength and weakness in the subject for each pupil. Subsequent sessions will then involve a combination of mini-teach on core topic areas, tips on exam technique and supported exam practice.

AQA GCSE English & Edexcel IGCSE English

Through the week pupils will complete timed work involving Comprehension, Transactional Writing, and Creative Writing. They will receive individualised feedback on completed written work and support to improve in each of the key skill areas required for English Literature and English Language, as well as tips on timing and exam technique.

Chemistry

Mr Oehler, Head of Science at KES, will run a series of mini-teach sessions with past paper practise and feedback on structuring an exam response on key GCSE topic areas including Structure and Bonding, Acids and Bases, Organic Chemistry and Calculations.

Physics

Mrs Stevens, teacher of Physics at KES and examiner for both GCSE and A Level Physics, will run a series of mini-teach sessions with supported past paper questions on topics which are common across GCSE exam boards such as Energy Transfers, Electricity and Magnets, Waves and Radioactivity, with a final session on exam technique and 6-mark questions ■

A LEVEL COURSES (Now Closed)

Chemistry

Ms Miners, teacher of Chemistry at KES, will run a series of mini-teach sessions with past paper practise and feedback on structuring an exam response on key A Level topic areas, including Acid base Equilibria, Redox Chemistry, Organic Chemistry and Spectroscopy.

English Language

Ms Vernon, teacher of English at KES, will run a series of mini teach sessions and past paper/ essay practice using examples and theory in a number of key topic areas such as: Spoken Language, Child Language Acquisition, Language Change, Standard and Non-Standard English, Language and Power.

English Literature

This course is run by published author and KES teacher, Mrs Bruton, who will focus on planning Comparative essays and Passage-based essays, analysis

of unseen extracts and compiling quotation banks for OCR English Literature. Pupils will need to bring a copy of their course text with them each day.

Physics

Mrs Stevens, teacher of Physics at KES and examiner for both GCSE and A Level Physics will run a series of mini-teach sessions with supported past paper questions on topics which are common across A Level exam boards, such as Forces and Energy, Mechanics, Electricity, Circular Motion, Waves, Oscillations and Uncertainties. ■

Course list updated 4th March 2024

HOW TO BOOK...

If you would like to enrol on our Easter Revision Programme for either a GCSE or A Level Revision Course, please either scan the **QR code** below or visit our website: www.kesbath.com to complete the online registration form. Reservations will only be confirmed once payment has been received.

If you have any specific questions about the course we will be running, please don't hesitate to contact us at: EasterRevision@kesbath.com
